

# MADE IN GOD'S IMAGE

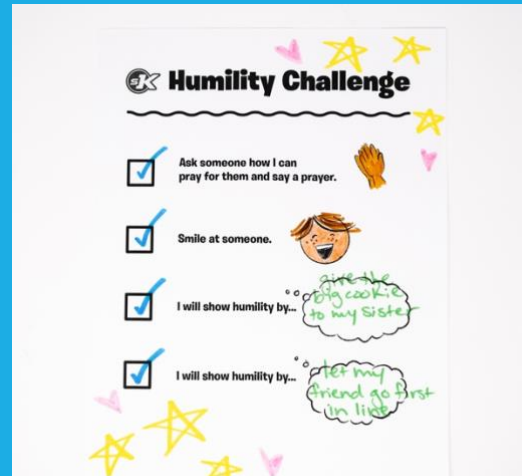

ACTIVITY | LESSON 5

## HUMILITY CHALLENGE CHART

In this activity, your child will be encouraged to show humility to others by coloring and completing their own challenge chart. Once the humble tasks are completed, you can choose a reward for them, reminding them that God rewards those who show humility.

### DIRECTIONS

1. Print the Humility Challenge Chart printable or use it as a guide to create your own.
2. Color the printable using crayons or markers.
3. Read the first two humility challenges on the Humility Challenge Chart.
4. Talk with your child and decide on 2 more ways to show humility to add to your chart:
  - Let someone else pick the game we play.
  - Give someone else the bigger piece of dessert.
  - Think of your own examples!
5. Encourage your child to do one humble task each day.
6. Once they complete the task, they can check it off.
7. When all the tasks are complete, decide on a "reward". This can be a special treat, word of encouragement, or whatever you feel is best to share with your child for showing humility.

### TEACHING CONNECTION

God created us in his image to put other people first. We can do that by being humble. That means thinking of other people before ourselves!
