

HUMILITY PLACEMAT

Use this craft as a reminder that, because we are made in God's image, we can put others first. Your child will practice putting others first by making this placemat for people in your home so each person can have a special seat at the table. Your child will remember that they can be like Jesus and show humility.

DIRECTIONS

PREP

1. Print out one Humility Placemat printable for every person in your house.
Option: Create your design using the printable as a guide.

DO

1. Give your child a paper placemat to decorate and make special for the people in your home.
2. Have your child make one for every person in your house *first*. They can make one for themselves as well, but they have to make their placemat *last*.
3. Help your child write the name of each person's placemat.
4. Encourage your child to make each mat special for each person. Have them write or draw things about each person and things they love about them.
5. When it's time to share a meal, have your child share what they love about each person. Encourage your child to ask everyone what the best part of their day was and how they can pray for them.

SUPPLIES NEEDED

Humility Placemat printable

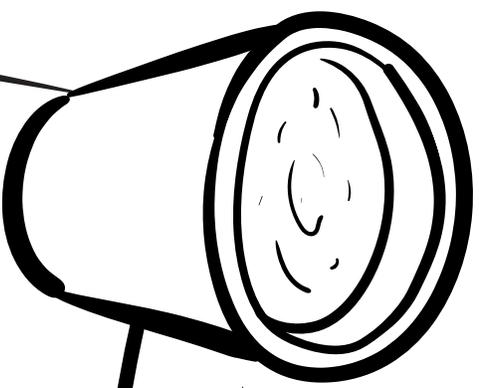

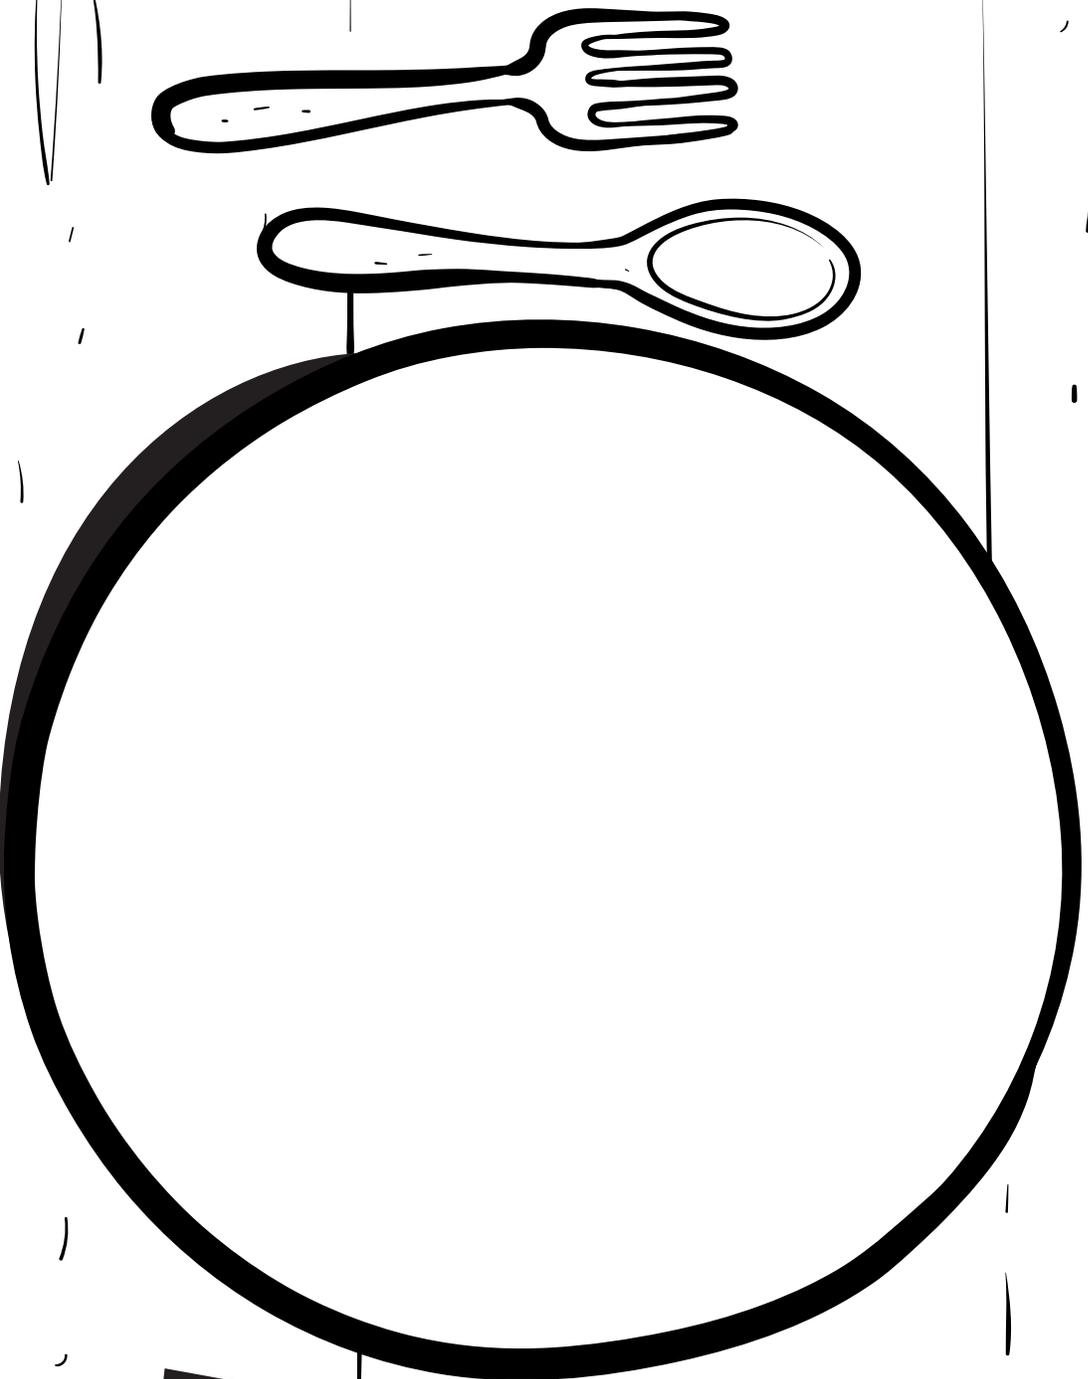

Crayons or marker

TALKING POINTS

- What are things people do that show they are putting you first?
- What are some things you can do to show other people you love them? Making this special placemat will show them you are putting them first and love them.

This seat is for: _____

**You are made
in God's image.**
