

WE ARE SK

CRAFT | LESSON 3

FUN AT SK KITES

This week, the kids are learning that at SK, they have fun. They will create their paper bag kits to fly and have fun. They can remember they can fun learning about Jesus at SK.

DIRECTIONS

PREP

1. Print out Kite Stickers printable on regular copy paper and cut out the printable pieces.
2. Cut three 3-inch pieces of streamer per child.
3. Cut one 20-inch piece of yarn per child.
4. Open the paper bag. In the center of the base of the bag, cut a small hole.
5. Gather crayons, glue, craft sticks, streamers, paper bags, yarn, and printables.

MAKE

1. Pass out the Kite Sticker pieces for the kids to color and glue on their kite.
2. Give the kids streamers to tape around the opening of the bag.
3. Help the kids open their bag and string the yarn through the premade hole, leaving most of the yarn inside the bag and out the open end.
4. On the outside of the closed end, wrap the yarn around a craft stick. Tie a knot to secure, keeping the string from falling out while they fly their kite.
5. As the kids color and glue, discuss the talking points with them and recall the Bible story and the Big Idea together: *At SK, I have fun.*
6. Show the kids when the bag is filled with air, they can have fun “flying” their kite.

SUPPLIES NEEDED

Kite Stickers
printable

Glue

Craft sticks

Streamers

Paper bags

Scissors

Crayons

Yarn

TALKING POINTS

- Who followed Jesus and was his friend?
- What fun things do you like to do at SK?
- Read and identify the different stickers with the kids.
- Tell the kids you are glad they are at SK today to have fun together!

At SK, I have fun!
